Name: Beautiful Journey

Idea: There's a house and in front of the house, there's a fountain. Water falling sound of fountain has been added at the background. After entering the house, there's a classroom. There are some chairs and tables in that classroom. In the front wall, there's a large white board which will later turn into a photo frame. In the right wall there's a sliding window. It can be opened and closed and from that window, main building of MIST is visible. On the left wall, there's a MIST yearly calendar. If we press 'l' and then 's', the journey of CSE14 in MIST will be shown using a slideshow that lasts for 2 minutes. It will 1st show the MIST calendar of year 2014, then some pictures of CSE14 in that year, then the camera will move back to the MIST calendar of year 2015, then the photos of 2015 will be shown. The year 2016 and 2017 has been covered in the same manner. At the end the camera will move towards the window, window will slide open and MIST building will be visible. Thus the slide show will end.

Buttons:

Up_Key: Takes forward

Back_Key: Takes backward

Left_Key: Moves eye to left

Right_Key: Moves eye to right
